"I am a proud member of the Lheidli T'enneh Nation, and currently working at Canfor as a Field Operation Supervisor. I have been at Canfor since 2012 and of my 22 years in forestry, my experience at Canfor has been the most enjoyable and satisfying to date. The structure, clear direction and support given at Canfor makes my job enjoyable but — most importantly — it's the people I work with at Canfor that make the difference."
